The longitudinal profile shows the road's elevation and distance data. The profile starts at a 63.00 m elevation and ends at 63.00 m. The profile is divided into segments with varying elevations and distances. The profile is shown with a yellow hatched area for the existing ground and a red hatched area for the proposed road grade. The profile is divided into segments with varying elevations and distances. The profile is shown with a yellow hatched area for the existing ground and a red hatched area for the proposed road grade.
