

This technical site plan illustrates a circular building with a central courtyard. The building is defined by concentric circles, with a central cross marking the center. The courtyard is filled with a blue hatched pattern. Surrounding the building is a large, irregularly shaped area, possibly a parking lot or plaza, defined by a dashed line. This area contains three triangular shapes, likely representing trees or landscaping. To the left of the building, a road or path is shown with a dashed line and a blue arrow indicating direction. A yellow line runs along the bottom left, and a blue line runs along the bottom right. The top right corner shows a building footprint and a road. The bottom right corner features a yellow line and a blue line, with the word 'TORRENTE' written vertically. The plan includes various dimensions and angles: a 90° angle is marked in the courtyard, and dimensions of 2.50, 5.00, and 10.00 are indicated along the left side. The overall layout suggests a detailed architectural or engineering drawing for a site plan.

This technical site plan illustrates a circular building with a central courtyard. The building is depicted with concentric circles and a central crosshair. The courtyard is filled with blue diagonal hatching. Surrounding the building is a large, irregularly shaped area defined by a dashed line, which is also filled with blue diagonal hatching. This area is divided into four quadrants by dashed lines extending from the building's center. The plan includes various landscape features: trees are represented by green circular symbols with internal patterns, and a stream or river is shown as a blue line with a wavy pattern. A yellow line, possibly a path or boundary, runs along the right side of the plan. Dimensions are indicated with blue arrows and text: '2.50' and '0.6' near the building's center, '5.00' and '10.00' along the dashed lines, and '5.00' and '10.00' along the stream. A north arrow is located in the upper right quadrant. The plan also shows a road or path on the left side, a building footprint in the upper right, and a 'TORRENTE' (stream) label on the right side.
